**Junction Collisions Reduction and pedestrian facilities Scheme**  
**- Proposed safety improvements**

We would like to hear your views on a proposed safety improvement scheme for your road.

It follows a feasibility study that was carried out and found that up to 1,700 vehicles per hour use Main Road with speeds of up to 40 mph regularly recorded. Further analysis of collision records showed that there have been a total of fourteen personal injury accidents (PIAs) were recorded at this junction. Of these fourteen PIAs, four were serious and ten were slight; two involved pedestrians; one occurred in wet conditions and four occurred during the hours of darkness.

With funding being provided by the Mayor of London's Transport for London office (TfL), we can now look at a proposed scheme including the following: A new zebra crossing in Pettits Lane South, yellow box markings in Main Road and banning of the right turn from Main Road into Errol Road with a new banned right turn sign as shown on the attached plan.

Large scale plans can also be seen on the Council website -  
<https://consultation.havering.gov.uk/highways/>

Your comments on the proposals would be welcomed and should be sent in writing via email to [schemes@havering.gov.uk](mailto:schemes@havering.gov.uk) to be received by **Friday 18 July 2025**.

Please note I am unable to answer individual points raised at this stage, however your comments will be noted and taken into consideration when presenting the final report to the Council's Director for Environment. Any issues will be addressed at that time.

All comments received are open to public inspection and the report will be made public.

If you need any more information, please contact me by e-mail, shown at the top of the letter.

Yours faithfully,

*V. Siva*
