

South Hornchurch Resident Questionnaire

Beam Park Railway Station

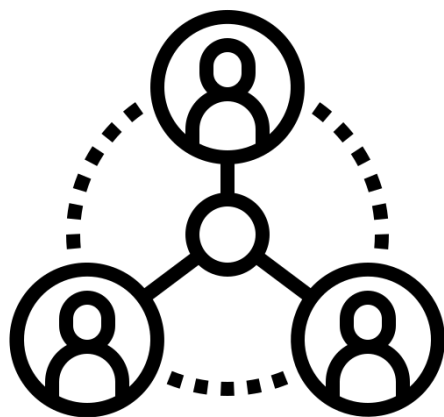

MP Smarter Travel is working alongside the London Borough of Havering to understand what the travel behaviours are for residents of South Hornchurch and people who visit the area, their aspirations, and how they would be impacted by the proposed introduction of a railway station at Beam Park.

We want to hear the opinions and views on the station as well as residents views on sustainable and active travel within the borough.

PLEASE USE THE QR CODE TO FILL OUT THE ONLINE QUESTIONNAIRE

Rail: How can it transform communities?

Improved accessibility and connectivity for residents.

Economic Growth and Development

Reduced traffic congestion and air pollution

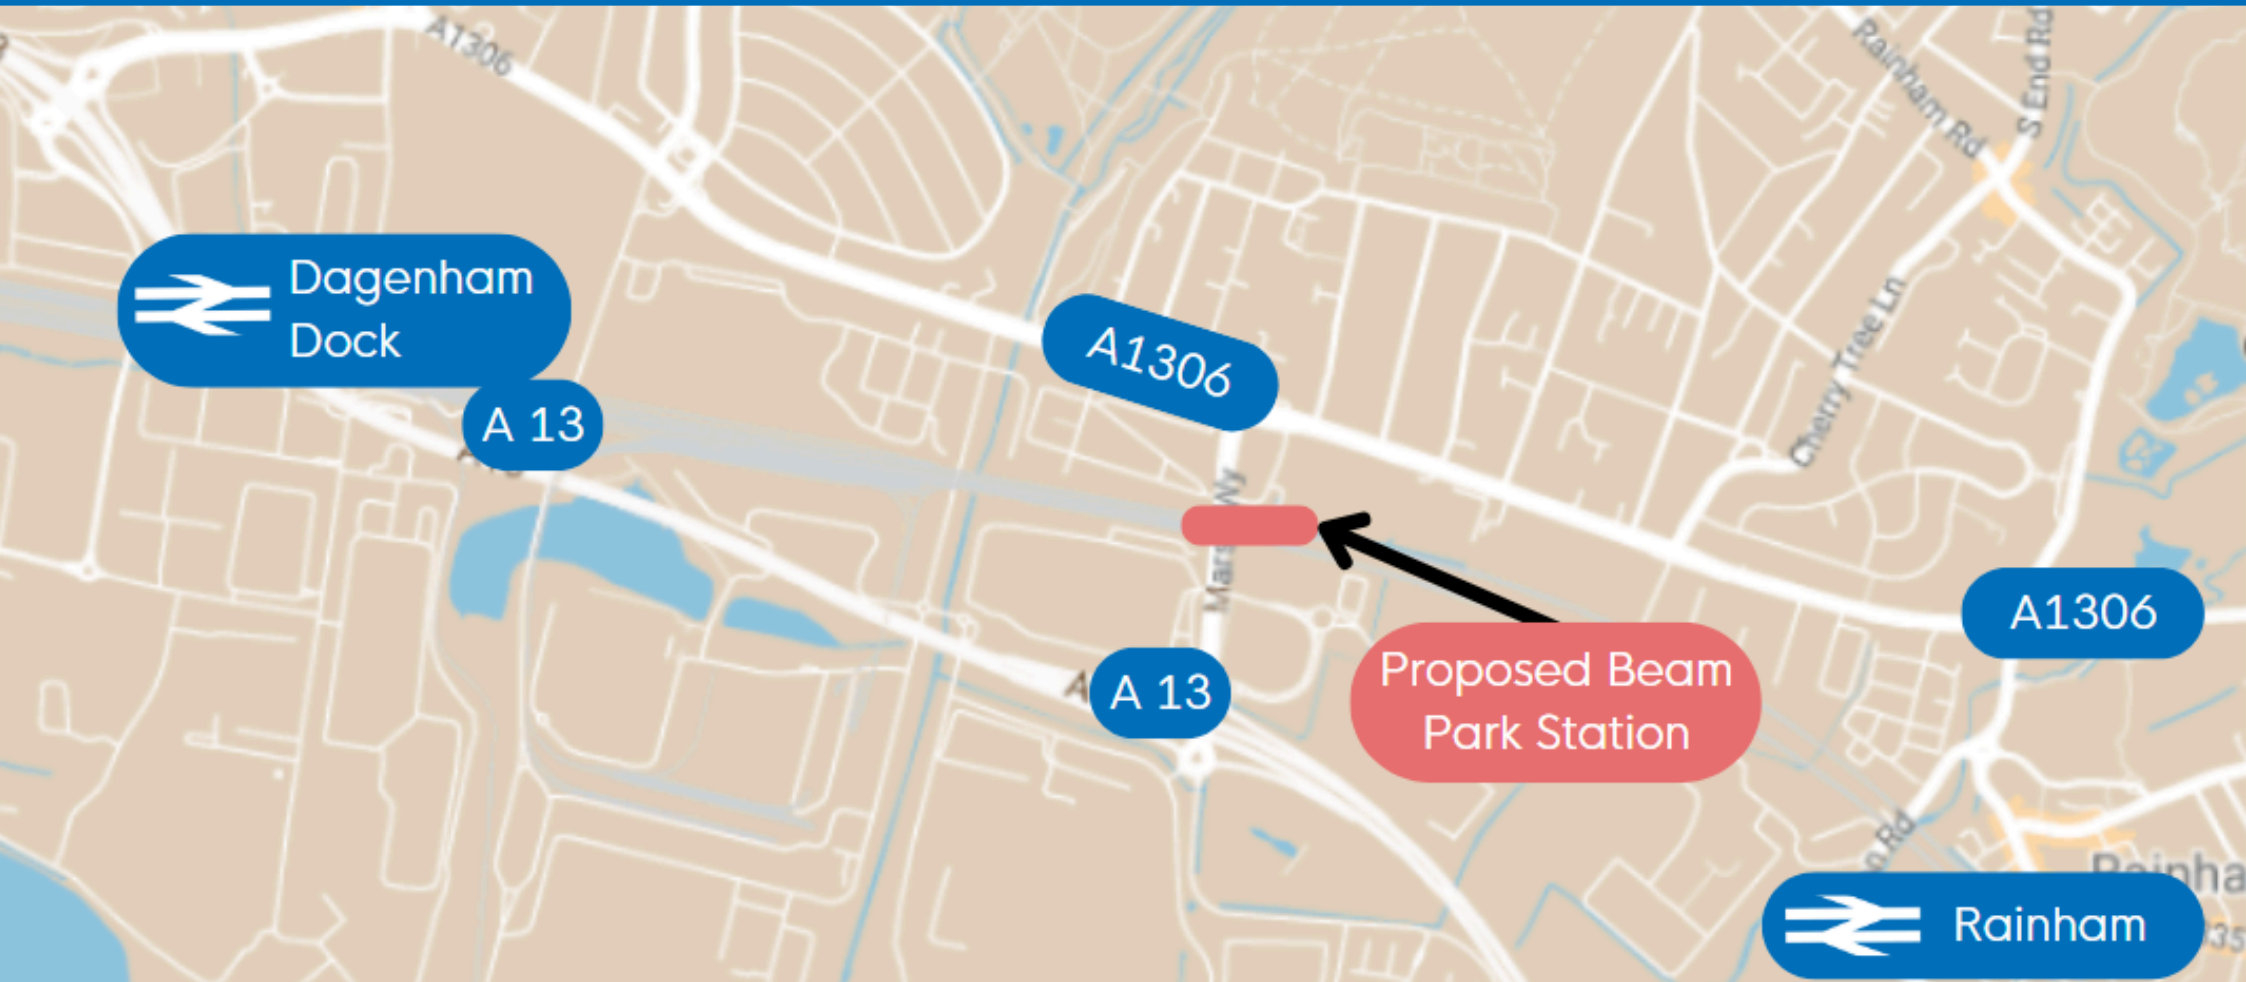

Enhancing travel options for commuters and travellers

People of Havering, have your say!

Please see details below for our drop in events or follow the link to complete the online questionnaire.
