

Additional HMO Licensing Proposed Licence Conditions

Standard Conditions for Licences granted under Part 2 Housing Act 2004

NOTES

1. Definitions

In these licence conditions:

- a. “HMO” refers to the building or part of a building, which is licensed under Part 2 of the Housing Act 2004 (The Act).
 - b. “*Authority*” refers to the local housing authority, namely the London Borough of Havering.
 - c. “*Licence Holder*” refers to: (a) the person to whom the Authority has granted this licence; and (b) from the date of his or her consent, any other person who agrees to comply with the licence restrictions and obligations that follow.
2. The following are standard conditions that will be attached to each licence. In some circumstances, where the Council believes there are specific issues not covered in the standard conditions for a particular property, additional or more specific conditions will be added.

The person to whom this licence is granted is responsible for ensuring compliance with its conditions at all times and remains so whether or not another person has also agreed to be bound by them.

In accordance with the Housing Act 2004, section 67 and Schedule 4 there are two types of conditions that a licence can include:

- 1 *Mandatory conditions* are required by law and must be included in a licence. These **mandatory conditions are in bold** and do not form part of the consultation
- 2 *Discretionary conditions* are those which the council can apply for regulating the management, use and occupation of the HMO and its condition and contents. The proposed discretionary conditions do form part of the consultation and respondents are able to give us their views on these.

1. Permitted Occupation

- 1.1 The maximum occupancy for this house in multiple occupation (HMO) is **X** people in **X** households.

Floor	Room	Size - m ²	People	Households
Ground				
First				
Second				

- 1.2 A new resident must not be permitted to occupy the HMO or any part of the HMO if that occupation exceeds the maximum numbers of persons and households specified in the licence. A new resident means a person who was not an occupier of the HMO and/or the specific room at the date of the issue of the licence.
- 1.3 The Licence Holder will be required to ensure that the numbers of households and/or persons residing in the HMO do not exceed the maximum numbers specified in the licence. The table above outlines the number of people and households allowed per room. These numbers will relate to the amenities that are, or can be, provided and/or to the size and layout of the units of accommodation available.
- 1.4 If numbers exceed the specified maximum levels at the time of licence issue, the Licence Holder will be expected to ensure that the numbers are reduced at the earliest opportunity. Existing tenancies must be allowed to run their full tenancy term, unless agreed with tenant/s, an earlier termination that complies with the correct statutory procedure. Any steps to reduce occupancy must be taken within the legal remit and the Licence Holder must abide by the provisions of the Protection from Eviction Act 1977 or its successor legislation.

2. Minimum Space Standards

2.1 The Licence Holder must ensure that:

- a) the floor area of any room in the HMO used as sleeping accommodation by one person aged over 10 years is not less than 6.51 square metres;

- b) the floor area of any room in the HMO used as sleeping accommodation by two persons aged over 10 years is not less than 10.22 square metres;
- c) the floor area of any room in the HMO used as sleeping accommodation by one person aged under 10 years is not less than 4.64 square metres;
- d) any room in the HMO with a floor area of less than 4.64 square metres is not used as sleeping accommodation.

2.2 The Licence Holder must ensure that:

- a) where any room in the HMO is used as sleeping accommodation by persons aged over 10 years only, it is not used as such by more than the maximum number of persons aged over 10 years specified in the licence;
- b) where any room in the HMO is used as sleeping accommodation by persons aged under 10 years only, it is not used as such by more than the maximum number of persons aged under 10 years specified in the licence;
- c) where any room in the HMO is used as sleeping accommodation by persons aged over 10 years and persons aged under 10 years, it is not used as such by more than the maximum number of persons aged over 10 years specified in the licence and the maximum number of persons aged under 10 years so specified.

The maximum number of persons who may occupy the HMO and the maximum number of persons who may occupy each room are specified in the licence documentation. Both elements of these occupancy requirements must be met; please note that the (overall) maximum number of persons permitted to occupy the HMO may be lower than the sum of the total numbers of persons allowed to occupy the HMO on a room by room basis.

2.3 In the event that the Council has notified the Licence Holder of a breach of licence condition 2.1 or 2.2 above, the Licence Holder must ensure that all necessary steps are taken to remedy the breach within a specified period, not exceeding 18 months from the date of notification of that breach.

2.4 The Licence Holder must ensure that the Council is notified of any room in the HMO with a floor area of less than 4.64 square metres.

For the purposes of conditions 2.1 – 2.4 above:

- a) *A reference to a number of persons using a room in an HMO as sleeping accommodation does not include a person doing so as a visitor of an occupier of the HMO (as defined in section 262 Housing Act 2004).*

- b) *A room is used as sleeping accommodation if it is normally used as a bedroom, whether or not it is also used for other purposes.*
- c) *Any part of the floor area of a room in relation to which the height of the ceiling is less than 1.5 metres is not to be taken into account in determining the floor area of that room for the purposes of this paragraph.*
- d) *The conditions do not apply to an HMO which is managed by a charity registered under the Charities Act 2011 and which is a night shelter, or consists of temporary accommodation for persons suffering or recovering from drug or alcohol abuse or a mental disorder.*

3. Tenancy Agreement

The Licence Holder must;

- 3.1 **Provide to all the occupiers of the HMO, a written statement of the terms on which they occupy the property e.g. a tenancy or licence agreement.**
- 3.2 Retain copies of any such written statement(s) throughout any occupier's occupation and must provide the Authority with a copy of any such statement or statements within 7 days on demand.
- 3.3 Protect any deposit taken under an assured shorthold tenancy by placing it in a statutory tenancy deposit scheme within 30 calendar days from the day the deposit is received and must provide the tenant with details of how their deposit has been protected within the same 30-day period. This information must be provided to the Authority within 7 days on demand.
- 3.4 Information provided to the tenant must include the following:

- 5.3 Ensure that when rent or licence fees are collected or received in cash from the occupiers, a written rent receipt must be given to the occupiers within 7 days of receiving the rent. (This can be an email or written invoice confirming to the tenant the date and amount paid). Copies of the rent receipts and records must be provided to the Authority within 7 days on demand.

If the HMO is let on a shared tenancy with exclusive use, this notice applies to the entire property. If the HMO is let on a per room basis, at least 24 hours’ notice is required to enter the tenant’s bedroom, but not to enter the common parts of the building.
